POPULATION HEALTH VISITORSHIP PROGRAM
Sharing Insights and Best Practices for Health Care Leaders

LEARN KEY POPULATION HEALTH MANAGEMENT
RATIONALE, STRUCTURE, EVIDENCE & MORE
“This was one of the most valuable site visits I can remember doing in a long time. The team at Partners portrayed a highly professional, patient-focused environment, and offered an inspiring vision for other systems interested in achieving better integration and providing transformative care.”

-Michael Bronson, University of Utah
SAMPLE AGENDA - ONE DAY VISIT

Population Health Overview

7:30 am – 8:00 am: Breakfast with Partners Population Health Leadership Team

8:00 am – 8:45 am: Population Health Management: Our Context, Structure
This presentation will provide an overview of Partners’ population health program structure, including the reasons for population health strategies at Partners, the structure required to pay for population health and the design of the incentive program to encourage participation.

8:50 am – 9:30 am: Program Outcomes and Evaluation
Data on program outcomes will be provided, along with a description of how the data is used to improve the program.
- Importance of formal evaluation and ROI
- Share our approach to evaluation - what are our methods

9:35 am – 10:30 am: The Business Side of Population Health
The presentation will focus on why population health is considered a solution within Partners for reducing health care costs and improving the quality of patient care.

10:30 am – 10:45 am: Break

10:45 am – 11:45 am: Primary Care: The Foundation for Population Health
This presentation will discuss how primary care has been the foundation for population health programs, the evolution and our future primary care strategy.
